NATIONAL INSTITUTE OF URBAN AFFAIRS

04-May-2026 - 03-Jul-2026

8 Weeks
PROFILE: intern under the UrbanShift Country Project

- Assisted in Transit-Oriented Development (TOD) and sustainable urban mobility projects under the UrbanShift initiative.
- Conducted GIS-based spatial analysis, Right of Way (ROW) mapping, thematic mapping, and corridor analysis using ArcGIS Pro.
- Prepared conceptual urban design proposals, canal redevelopment layouts, road cross-sections, and junction improvement plans using AutoCAD.

- Performed transportation planning studies, including road inventory, junction analysis, and complete street design proposals.
- Collected, analyzed, and managed spatial and planning data for urban infrastructure projects.
- Conducted policy research, literature reviews, and case study compilation for transportation and gender-responsive mobility initiatives.
- Prepared technical documentation, planning reports, presentations, and project deliverables using Microsoft Office.
- Designed workshop communication materials, including educational tools, posters, and awareness content for the UrbanShift Workshop using Canva and CorelDRAW.
- Reviewed government policies, regulations, and planning guidelines to support transportation planning studies.
- Coordinated with multidisciplinary teams and participated in project meetings, workshops, and stakeholder discussions to support urban planning initiatives.
