SUMMARY OF QUALIFICATION

Course / Programme	Board / University Name	CGPA/ (%)	Passing Year
MBA-ACM	NICMAR University of Construction Studies, Hyderabad,Telangana	7.16	2027
B.Tech <i>Civil Engineering</i>	MEDI-CAPS UNIVERSITY INDORE	76.98	2022-Jul
Intermediate <i>Science (PCM)</i>	CENTRAL BOARD OF SECONDARY EDUCATION	61.8	2018-Aug
High School	CENTRAL BOARD OF SECONDARY EDUCATION	73.99	2016-May

INTERNSHIP / PROFESSIONAL TRAINING (Total Duration: 70 Weeks)

Hindustan Petroleum Corporation Limited

10-Apr-2023 - 10-Apr-2024

52 Weeks

PROFILE: GAT

- Executed and supervised civil works at prtroleum retail outlets and depot facilities.
- Assisted in underground petroleum storage tank installation,including excavation, positioning and associated civil works.
- Performed quantity estimation, quantity take off,BOQ prepration and preliminary cost estimation for civil works.
- Conducted site measurements, inspections and progress monitoring to ensure quality and compliance with drawings.
- Support material planning ,quantity verification and reconcilliation for construction activities.
- Coordinated with contractors, site teams, operations, maintenance and safety departments during project execution.
- Gained hand on exposure to petroleum depot infrastucture, retail outlet construction, project execution and civil works.

Prakash Asphaltting & Toll Highways (India) Ltd.

18-May-2026 - 26-Jul-2026

9 Weeks

PROFILE: Management Intern

- Assisted in project planning and scheduling using MS Project (MSP), including preparation of work breakdown structures (WBS) and timelines for wayside amenities projects
- Prepared planning and cost estimates (BOQ) for wayside amenities, aligning schedules with resource and budget requirements
- Reviewed and analyzed contract clauses covering scope of work, payment terms, penalties, and compliance requirements
- Went through the fuel audit process, gaining exposure to fuel consumption tracking, verification, and compliance checks for project vehicles/equipment
- Gained hands-on exposure to the complete planning cycle — from site assessment and scheduling in MSP to budget estimation
- Collaborated with senior engineers/project team to interpret technical drawings, contract terms, and audit requirements

PRAKASH ASPHALTINGS AND TOLL HIGHWAYS INDIA LTD

18-May-2026 - 26-Jul-2026

9 Weeks

PROFILE: INTERN

- Worked primarily on Wayside Amenities projects, with a focus on fuel station planning and development along toll highways
- Studied and compared standard/domestic contract clauses with FIDIC contract clauses, analyzing differences in risk allocation, dispute resolution, variations, and payment terms
- Prepared and updated project schedules in MS Project, including Gantt charts, for fuel station construction timelines
- Supported quality estimation activities to assess work and material standards for fuel station sites
- Conducted site visits to monitor construction progress of fuel stations and other wayside amenities, reporting findings to senior management
- Coordinated with the Deputy General Manager (DGM) and senior team members to align fuel station project plans with overall execution timelines
- Gained practical exposure to contract clause structures, planning, and scheduling processes specific to fuel station development on toll highways

ACHIEVEMENT DETAIL

Certification and Learning Achievements

Governance , Risk and Scope from Coursera

Mechanics of Material : Fundamental Stress & Strain and Axial Loading from Coursera

Mechanics of Material : Beam Bending from Coursera

Introduction to Machine Learning from Coursera
